Dear Principal:

Each year ABENY, INC., Association of Black Educators of New York, offers a Human Service Certificate to all elementary, intermediate and high schools in the New York City public school system.

We ask each school to select a student who has demonstrated the ability to bring together diverse groups of people within the school family in a spirit of friendship, unity and brotherhood.

This award should be presented at a graduation, closing exercise or awards assembly to a student who has evidenced humanitarian service to school and community.

If you are interested in receiving this certificate for one of your students, please email that student's name to us by March 31, 2017. The certificate will be mailed to you at your school. (Note: only one student may be nominated per school).
